Ground truth and predictions on held-out scenes

Fixed examples shared across all three streams

Target	Scene RGB	Similarity		Occlusion		Complexity	
Center reference	Observed image	Ground truth	Prediction	Ground truth	Prediction + workspace	Ground truth	Prediction
 **book_1** center view · scene 01	(a) 						
 **fruit_1** left view · scene 03	(b) 						
 **packaged_food_1** right view · scene 17	(c) 						
 **toy_1** top view · scene 01	(d) 						
 **toy_4** bottom view · scene 07	(e) 						

GT: native image
Prediction: 30 × 40 grid, expanded
